FLASH POINT : EXTINGUISHING MEDIA : SPECIAL PROCEDURES : UNUSUAL FIREFIGHTING HAZ PROTECTIVE EQUIPMENT : COMBUSTION PRODUCT :	Determine ARDS : None iden Self-conta	e the need to evacu ititied	ate or isolate the ar	ea according to your local	ssure at elevated temperature. emergency plan. when fighting fires involving essential oils or chemicals.	
		SEC	CTION 6 : ACCIDEN	TAL RELEASE MEASUR	ES	
PERSONAL PRECAUTIONS : Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8. Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan. ENVIRONMENTAL PRECAUTIONS : Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required. METHODS FOR CLEANING UP : Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation Wipe small spills with cloth. Clean with hot water and detergent.						
			SECTION 7 : HAN	DLING AND STORAGE		
HANDLING : STORAGE :	meals, and Containers from extre	Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should he used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use. Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep away from extreme heat and from freezing conditions and away from all sources of ignition. Make sure the material does not come into contact with substances listed as: "Materials to Avoid".				
		SECTION 8 :	EXPOSURE CONTR	ROLS AND PERSONAL P	ROTECTION	
EYES PROTECTION :				material is to be handled ir	a manner where splashing may occur, the use of splash goggles or	
RESPIRATORY PROTECTION PROTECTIVE GLOVES :	In well-ver respiratory Using che	face shield is recommended. In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use or "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level). Using chemical resistant gloves is recommended. Using chemical resistant clothing is recommended.				
PROTECTIVE CLOTHING : PROTECTIVE EQUIPMENT : NOTE :	An eyewa	sh fountain and / o cautions are for ro	r sarety showershou	Id be available in the work	x area. Acceptable industrial hygiene practices should be maintained. aperature or aerosol / spray applications may require additional

SECTION 16 : OTHER INFORMATION							
		SECTION 16 : OTHER INFORMATION					

When utilized by professionals following the conventional good manufacturing practices, the aromatic materials are not severly dangerous. However, the preceding precautions and the following general operation rules must be respected. Keep the product away from any food or drink. It is an industrial product and must not be ingested as such Eating, drinking and smoking should not be permitted in handling and packaging areas. Cases of auto-flammability of several fragrance materials are reported. Consequently, the materials used to mop up the product (sponges, absorbent papers, sawdust, etc...) must be rapidly eliminated. The refuse-bins in the manufacturing areas must be cleared out. Transfer to a flammable waste container and incinerate at approved site. The product must not be heated with, or exposed to, open flames or other sources of ignition. Do not expose the product to unprotected electrical equipment. Never overheat the product. Do not breathe hot vapours. In any case of potential poisoning, get medical advice.

SECTION 17 : DISCLAIMER

The information above is given is good faith and is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no event shall ZAYAT AROMA INC. be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, howsoever arising, even if ZAYAT AROMA INC. has been advised of the possibility of such damages. This data is not to be constructed as absolutely complete since additional data may be desirable when particular conditions or circumstances exist. This data relates only to the specific material designated and not to be used in combination with any other material. Many regulations pertain directly or indirectly to the product's end use and disposal of containers and unused material. It is the purchaser's responsibility to familiarize themselves with all applicable regulations.
